

Health and Safety Plan

Due to the changing nature of the COVID pandemic and the local, state, and national response to it, the content of this plan is subject to change at any time. CSAGH’s mission of partnering with families to provide Christ-centered education that sharpens minds, deepens faith, and develops faith and our core values serve as the foundation for our Health and Safety Plan. As we re-open school, this Health and Safety Plan in conjunction with the CSAGH Athletic Return to Play Plan and the school-specific, level-specific educational plans will serve as CSAGH’s comprehensive re-opening plan.

This Health and Safety Plan has received full approval of CSAGH’s School Board and has been submitted to the Pennsylvania Department of Education.

Pandemic Crisis Response Team

Individual	Title	Responsibilities
Phil Puleo	CSAGH Superintendent	Plan development, oversight
Tim Gwinn (Coordinator)	CSAGH Chief Operations Officer	Plan implementation- facilities
Sandy Berry	CSAGH Human Resource Director	Plan implementation- personnel
Kayla Collins	HCS Elementary Principal	Plan Implementation- HCS Elementary
Clint Davis	HCS MS/HS Principal	Plan Implementation- HCS MS/HS
Joe Shirvinski	WSCA Elementary Principal	Plan Implementation- WSCA Elementary
Paul Beardmore	WSCA MS/HS Principal	Plan Implementation- WSCA MS/HS
James K. Fenush	HCS Parent, Nursing and Clinical Support Services	Plan Development
Dr. Brian J. Kipe	WSCA Parent, MD Emergency Medicine	Plan Development
Michelle Melville	HCS Parent, Pediatric Nurse Practitioner	Plan Development
Dr. Glenda Cardillo	HCS Parent, Preventative Medicine	Plan Development

Health Monitoring Procedures

- Temperatures taken with contactless thermometer immediately inside entrance from all individuals (staff, parents, students, and visitors) as they arrive
- If students or staff have a temperature of 100.4⁰ or higher, they are moved to isolation room and their temperature is re-taken with contact thermometer
- If students or staff register a temperature of 100.4⁰ or higher again, they will be required to leave school as soon as possible.
- If a visitor registers a temperature, they will need to leave immediately.
- Frequent communication to parents and staff urging them to stay home when sick
- Should a student or staff member get tested for COVID and inform the school, they will be encouraged to follow the guidance of their personal healthcare provider regarding alerting their close contacts. Also, the school will inform parents if it becomes aware their child had a possible COVID exposure.
- Administration/Nurses will weekly monitor state and local health statistics to make informed decisions regarding the health and safety of our school community

Mitigation Procedures and Practices

- All non-essential travel will be limited during AY2020-2021.
- All non-essential travel will be canceled during times of increased state and/or local incidents of sickness.
- Transportation of students will be coordinated with our LEA's (Local Educational Agency). Students utilizing the transportation provided by our LEAs will be required to follow their protocols.
- Deep cleans during extended holidays of all classroom and common spaces
- Increase the daily level of disinfecting (e.g. common touch surfaces)
- Daily spraying of all classrooms using electrostatic spraying system
- Hand sanitizer stations in every classroom and building entrance
- Scheduled handwashing for all students and staff
- Classroom windows will be open when reasonable.
- Periodic education on how to properly cough and sneeze
- Increase physical distancing between student desks; limit students and staff sitting across from one another
- Limit the frequency of large assemblies and if an assembly is necessary, large rooms (e.g. gymnasium, sanctuary, fine arts center, cafeteria) will be used so it is possible to increase the physical distance between individuals.
- Students, staff, and parents will be required to wear a mask when on campus except under the following circumstances: (1) when eating and drinking where physically distanced, (2) when participating in physical activity (i.e. gym, recess, athletics, etc.) (3) where wearing a mask is unsafe in executing a task, (4) when unable to wear a mask because of medical or mental health conditions or disabilities as disclosed in partnership with the student's healthcare provider, parent(s), and school administrator, (5) when taking a "face covering break" while maintaining physical distance. Our community of teachers and administrators will work diligently with our students to maintain physical distances that allow for "face covering breaks" to provide our students with reprieves throughout the school day. Face coverings will be provided in the school office for visitors if they cannot provide one for themselves.
- Staff will be encouraged to keep their doors and windows open when possible.
- Staff and students will be encouraged to bring and use their own water containers to school rather than using the water fountains.
- Students will have their own individual materials in their regular classrooms and specials classrooms whenever possible. Parents will be given these supply lists leading up to the start of school to ensure each

Mitigation Procedures and Practices (cont.)

student has individual materials. If parents are not able to purchase these supply items, the school will provide their child with the necessary items.

- If classroom materials/items must be shared, they will be disinfected between uses.
- Classes and gatherings in classrooms will be limited to 25 students.
- School vehicles and buses will be sanitized after each use.
- Windows will remain open when reasonable while students and staff travel in vehicles and buses.
- Cafeteria will continue to strictly follow the U.S. Department of Agriculture's food preparation and serving guidelines.
- Students will continue to eat their lunch in the cafeteria, but the number of students per lunch period and per table will be decreased.
- Students will not be permitted to share utensils or food.
- Signage from the CDC on how to help stop the spread of COVID-19 will be posted in prominent places throughout the building and in any vehicles or buses.
- Reminders regarding best practices to stop the spread of germs will be posted on our schools' website, social media pages, and school and classroom newsletters.
- Faculty meetings and trainings will be limited to 25 persons where physical distancing is not possible. Remote training and meetings will be utilized when reasonable.

<p>Handling of Possible COVID-19 Exposure</p>	<ul style="list-style-type: none"> • The local public school district nurse will be notified if there has been a possible COVID-19 exposure and provided with that student’s name, age, and grade level • When the school becomes aware that a student or staff member was tested for COVID, a generic (student or staff member’s name will not be disclosed) “<i>Possible COVID-19 Exposure Notification Email</i>” will be sent to families who have a child(ren) that may have had contact with that individual. Families will be encouraged to monitor for symptoms and to contact their physician in the event they are concerned about their own health. • When a student tests <i>negative</i> for COVID-19 and is cleared by a health care provider, they may return to school provided they are symptom-free and fever-free for 48 hours. • If a student or staff member is tested for COVID-19, is diagnosed with COVID-19, or is directed to self-quarantine, they will be required to stay at home. During the time a student is off-campus, CSAGH will provide flexible learning options through an enhanced distance learning program that is being developed this summer. • If a physician directs you or someone in your household to self-quarantine or if COVID-19 testing is conducted, parents should notify the school immediately. • Refer to most recent DOH Guidance on Home Isolation or Quarantine and Returning to Work.
<p>Flexible Attendance and Instruction</p>	<ul style="list-style-type: none"> • Faculty and students will be provided a flexible learning option that allows for remote instruction and learning. when off campus. • Faculty working remotely and able to provide instruction via a digital platform for their students in school will not be required to take a sick day. • Students able to virtually attend their classes (MS/HS) or submit their daily required work (ES) will not be considered absent. • If students are absent both physically and virtually from their classes, they will be considered absent with absences being recorded per the CSAGH Parent-Student Handbook. • Staff at a greater risk for severe illness will not be assigned duties that force them to be in large groups

<p>School Athletics/PE</p>	<ul style="list-style-type: none"> • School athletic programs will be following the guidance of our “Return to Play Plan” (see CSAGH website for full plan) • Providing our students with safe and healthy athletic opportunities will remain a priority • Limit where students are able to share equipment and gear • Physical distancing will be practiced where able when students are not actively engaged in play • Students who are at a higher risk of developing serious health complications will be permitted to participate in independent PE.
<p>Ongoing Communication and Implementation</p>	<ul style="list-style-type: none"> • Our Health and Safety Plan will be posted on our district and school websites. • Parents and students will receive regular reminders regarding best practices for promoting personal and communal health. • Parents will receive regular directives to stay keep their child home if they are sick. • Staff will receive regular directives to stay home if they are sick. • Staff will receive training on how to conduct remote learning if they or their students are unable to be in school due to illness. • Parents and students will receive information and training on how to participate in remote learning should they need to be at home while school is in session due to illness.
